Jim Hart Award Nominations

The Jim Hart Award was introduced in 1996 with the production of *Fiddler on the Roof.* The SST Board wanted to recognize Jim's love for theatre and music. He understood that each facet of a production must work together to make a good show. Jim was an accomplished musician, actor, and technician. He served as Music Director and Stage Director for several of SST productions.

The award is now presented by the Sandstone Summer Theatre Board of Directors each summer. The board recognizes one member of the cast or crew who best personifies the characteristics that Jim embodied, including enthusiasm, selflessness, and dedication.

Nominations may be made by anyone involved in the SST production including cast, crew, production staff, and board members. Selection will be made by the SST Board of Directors. The Jim Hart Award will be presented on the final night of the performances. The winner's name is added to a plaque along with the names of previous recipients.

You may nominate any performer, stagehand, or technician.
Nominations should be turned in to Justin Bilewicz by Sunday, July 7th, 2019.

I wish to nominate_____for the Jim Hart Award.

Please describe how this person personifies Jim Hart's characteristics:
